

VASILY LAZAREV

+7(919)269-47-75 github.com/Lapo4ka_Kek vyulazarev@hse.edu.ru

EDUCATION

Higher School of Economics
Bachelor in Software Engineering, GPA: 4.0

September 2021 - June 2025

PROJECTS EXPERIENCE

- 1. Mini bank** *C#, .NET 6, Asp.Net, PostgreSQL* **2022**
 - Implemented a mini-bank with a postgresql database (Entity Framework).
 - Used a unit test, async methods, structure controllers -> core -> data
- 2. Online store** *React + Node.js, HTML, CSS* **2022**
 - Created a simple online store
 - Server on Node.js, client on React
- 3. Pinterest parody** *JS, HTML, CSS (React)* **2022**
 - Created a parody of pinterest using reach and mockapi.
- 4. Fractal Drawing** *C#, .NET 5, WPF, XAML* **2021**
 - Developed the window application for rendering customized fractals.
 - The design of the entire application is built using the markup language XAML

COMPLETED COURSES

Tinkoff Fintech by Tinkoff: Three-month course on creating a mini-bank microservice

Basics of programming in C#: Seven-month course in University.

Basics of programming in C++: Four-month course in University.

Introduction to Software Engineering: The course dedicated to creating a finished software product for consumers.

RELEVANT COURSES

Algebra, Discrete Mathematics, to software engineering, Mathematical analysis, Neural network technologies

SKILLS

Programming skills:

C#, C++, JS, Python, React + NodeJS (Basics), Git, SQL (Beginner), Matplot, Sympy, Numpy.

Languages:

Russian (native), English (Pre-intern.2).

ACHIEVEMENTS/AWARDS

- Winner of the Lomonosov Olympiad in Mathematics (TOP 1%)
- Winner of the MIPT Olympiad in Mathematics
- Medalist regional stage of the vsosh programming
- Two years of teaching experience
